

Cutting out difficulty level: hard

Ask an adult to help with cutting!

Designed by Jo Feijó

SEA CREATURE PUPPET COLOURING COMPETITION!

1. Print and colour in one (or more!) of the sea creature templates, or create your own from scratch!
2. Use a pritt-stick or PVA to stick it down to a piece of thin card (such as cereal box card, not corrugated card), wait for it to dry and cut out carefully.
3. Use sellotape to stick down a chop stick, bit of bamboo, pencil or whatever you can find to the back...and you have your puppet!
4. Take a photo/video and post online using the hashtag #TyneRising. Send us an email with your picture, age and name to info@movingpartsarts.com so we can announce the winners! If you are coming to Tyne Rising bring it with you to wave in your bubble!
